

Consolidated Pumps Limited

MISSION STATEMENT

We provide the highest quality pumping products at the most competitive prices, which assist in the efficient operation of our customer's plants.

Customers' enquiries are engineered by our technical staff to specify the correct pump selection.

Our customers benefit from our established reputation of delivering standard pumps from our stock. This we have been doing since our foundation in 1972.

Management and staff are committed to expanding customer service by growing the business through profitable relationship with our customers.
